

Child Find

Bolton Public Schools
Pupil Services Department

The district's child find identification process is coordinated by the Pupil Services Department. In accordance with federal regulations, state statutes and local board of education policy, Bolton assumes the responsibility for the location, identification and referral of all children requiring special education and/or related services from birth to age 21, including students who are in private schools, in religiously affiliated schools, migrant children, homeless children, and those who are in need of special education even though they are advancing from grade to grade.

A referral form is used to document all referrals to special education. This form is available through the Pupil Services Department. Please contact the Pupil Services Department at 860.643.1569 if you need a referral form.
